

BOY SCOUTS OF AMERICA®  
LAKE ERIE COUNCIL

2022

Lake Erie Council, BSA

# IMPACT REPORT

As we reflect on 2022, we rejoice in a year full of learning, growth, and impact. Throughout our history, the BSA has built a legacy of serving our community by instilling youth with character and leadership – attributes that are forged through experiences in service, adventure and skill-building. Through our programs that respond to community needs, we strive to positively impact the lives of the youth in Northern Ohio.

Together with an incredible network of partners and supporters, we've been able to serve thousands of members of our communities. Whether it's teaching life-saving lessons in first aid and survival, character development, team building, or simply engaging families to come out and spend time together in the outdoors, we remain the proven investment in character building and leadership training.

It is also clear just how critical your engagement in this work has been. Friends like you have been incredibly caring and generous. We could not do this work without you and your support! Thank you for all you have done in 2022. We look forward to serving alongside you to advance our mission and extend the story of Lake Erie Council throughout 2023.

Camperships awarded

“ I like going to camp because I get to stay up late, sleep in a tent, and spend time with my family. I have a lot of fun!

– Oliver, age 6
