COMMUNITY SERVICE - Why? ***It's in our DNA!***

First Things First – Ask the **Golden Circle** questions:

‘To help other people at all times,’ ‘A Scout is helpful,’
‘It’s what we do as Scouts,’ ‘_____’

‘To increase the amount of community service provided by Cub Scouts, Scouts BSA, Venturers, Explorers, leaders, and other participants.’ Gold Level – Avg **8** hours per youth member.
(*Council Journey to Excellence*’ [JTE] measure)

Ask yourself ‘The 10% Rule’

“Does my unit devote 10% of its program to community service?”

“Do we make community service a basic part of our program planning?”

COMMUNITY SERVICE - How?

Reach Out!

‘We need to help our Charter Organization! What do they need?’

Ask your Charter Exec. Go through your Charter Org Rep.

‘What does our city need? When are the parades? Clean-ups?’

Who can we talk with about conservation projects? Who is the Parks & Rec contact? Can we just pick up trash off the beach, or do we need permission?

‘Who do we call at Cuyahoga Valley National Park?’

‘Who do we call at James A. Garfield National Historic Site?’

Easy! That would be **Ranger Allison Powell, 440-255-8722,**

A service project is a special Good Turn that puts Scout spirit into action. Some Good Turns are big—saving a life, helping out after floods or other disasters, recycling community trash, working on conservation projects. But Good Turns are often small, thoughtful acts—helping a child cross a busy street, going to the store for an elderly neighbor, cutting back brush that is blocking a sign, doing something special for a brother or sister, or welcoming a new student to your school. Anyone can get involved in a Good Turn. If you would like to participate in a service project to benefit your community, contact your local Scouting office.

Search Institute®, headquartered in Minneapolis, MN, is an independent, nonprofit, nonsectarian organization committed to helping create healthy communities for every young person. Their research has identified 40 Developmental Assets that are powerful influencers on adolescent behavior—both protecting young people from many different problem behaviors and promoting positive attitudes and behaviors. Studies of more than 2.2 million young people in the United States consistently show that the more assets young people have, the less likely they are to engage in a wide range of high-risk behaviors and the more likely they are to thrive. This power is evident across all cultural and socioeconomic groups of youth.

One of those 40 developmental assets is **Service to Others** where the child has opportunities to help others in the community. Today, youth and volunteers are looking for ways to serve their communities, and at the same time, service organizations need dedicated volunteer help. By working together, we can positively benefit in the development of young people, our communities, and the nation.
