## SCOUT'S OWN STORY

---

Scout's Own Maple Syrup is produced each year by tapping thousands of maple trees at Beaumont Scout Reservation. We are following in a long history of Ohio maple production as it dates back to pre-pioneer days.

Bringing a taste of camp home is easy to do with Scout's Own Pancake Mix and Scout's Own Cornbread and Muffin Mix. Each bite brings back the memory of dutch ovens, family laughter, and life-long memories.

At Beaumont, Scouts take part in learning more about the history and process of making maple syrup through specialized programs. They can then put their entrepreneurial skills to work by selling Scout's Own to fund their own Scouting adventures!
